

NATIONAL CAREERS WEEK NEWSLETTER SPECIAL

Last week all students participated in National Careers Week. All lessons focused on jobs in all subjects and they learnt more about careers language.

A number of Year 10 students went to the I-Can Careers Fair and learnt more about career ambitions and goal setting.

Year 9 students went to work with their parents for the day. They also had an employability talk from an Enterprise Adviser which focused on work experience and the skills needed in the workplace.

SPEND A DAY AT WORK WITH THEIR PARENTS

Over 90 year 9 students went out with their parents/carers for the day. Students visited a range of workplaces and from the emails, the students had a great day.

Students were placed in a variety of different jobs. Some of the jobs that our Year 9's joined were: Dental technician, Team Leader, Leisure Centre Manager, Primary School Teacher, Teaching Assistant, Customer Services Manager, Music Teacher, Food Delivery Assistant, Health and Safety Manager, Cleaner, Care Home Manager and many more.

😊 Some of the employability skills that students learnt were:

Customer Service, Health and Safety in the workplace, teamwork, listening and speaking, creativity, problem solving, aiming high, leadership and staying positive.

🙏 A huge thank you to our parents and their employers for supporting this event.

Please complete this short evaluation form so that we can continue to improve on our careers events for students.

I-CAN CAREERS FAIR – THE KINGS CENTRE

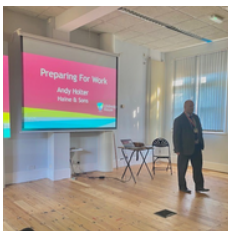

Year 10 student visited the I-Can Careers Fair held last week at the Kings Centre, Eastbourne. I-Can is a smaller regional careers event for students with known special educational needs and disabilities (SEND). Our students got to meet colleges and sixth forms, universities, and employers from a range of different sectors.

Gildredge House students also participated in a careers workshop where they explored ambition and the importance of goal setting. Thank you to the students who attended for joining in so positively and for sharing your ambitions and aspirations with all of the East Sussex Careers Hub team.

PREPARING FOR WORK – INTRODUCTION TO EMPLOYABILITY SKILLS

Andy Holter, an Enterprise Adviser from the East Sussex Careers Hub joined us last week to talk to students about preparing for work. This introduced Year 9 students to the world of work and was a great introduction to the importance of recognising and building on employability skills.
